CAPT 2 SUPERVISOR WALMART SHOREWOOD, IL JAN 2019- DEC-2019

As Cap2 Supervisor I would answer directly to management and works closely with them to ensure things are going according to schedule and that any project management wants will get done, or at least not be prevented. My Cap Team would consist of 15-25 associates that I worked closely with to assess whether they need more training or experience performing job duties as well as keeping everyone on task.
